

UAE services, SOW and acceptance pack

Services agreement, scope, milestones, change, delivery and acceptance.

A foundation linking the agreement to scope, deliverables, payments, change and acceptance instead of scattered messages.

Pack reference	Version	Review date
uae-services-sow-acceptance-pack	2026.08	15 Aug 2026

Working fields

5	Fees and VAT	[]
6	Change request	[]
7	Acceptance test	[]
8	Confidentiality and IP	[]
9	Term and termination	[]
10	Law, jurisdiction and signatures	[]

Use guide

What does it organise?	Record services, scope, fees, changes, delivery and acceptance.
What does it not prove?	It does not guarantee enforceability or automatically cover licensing, tax, data, IP or jurisdiction issues.

Checks before approval

1	Link payments to outputs or dates.	
2	Document every change.	
3	Define acceptance criteria and period.	
4	Use lawyer review for the transaction and activity.	
Notice: High-impact legal guidance template requiring lawyer review for the transaction, emirate and forum.
