Use guide

What does it organise?	Manage tender requirements, documents, approvals, responses, pricing and submission.
What does it not prove?	It does not guarantee qualification or award and does not replace the original tender or procurement platform rules.

Checks before approval

1	Use the original tender as the controlling source.
2	Link every response to evidence.

3	Disclose exceptions and assumptions.	
4	Run a final compliance review before submission.	
Notice: Internal organisation tool; not issuer guidance and no guarantee of acceptance or award.
